**Overall beat in Q3:** PNGJL reported overall earnings beat in Q3FY26, with revenue growing 35.6% YoY (vs 11.3% estimated). EBITDA increased 99.0% YoY, beating our estimate by 44.9%, with EBITDA margin expanding 236bps YoY to 7.4% aided by strong gross margin expansion (+453bps YoY to 14.4%). Consequently, adjusted PAT more than doubled to Rs 1.7bn (+101.6% YoY), 61.5% ahead of estimates; reflecting strong operating leverage.

**Highlights:** The earnings beat was driven by a sharp acceleration in same-store performance and operating leverage. SSSG stood at 33%, supported by higher footfalls (+33%) and strong conversion (94%), translating into robust retail growth (+46.3% YoY) and strong e-commerce traction (+140% YoY). Operating leverage enabled EBITDA to grow materially ahead of revenue. The network expanded to 66 stores in Q3FY26 (61 PNG; 5 lifestyle); though the profitability outperformance was largely driven by existing-store productivity vs store additions.

**Concall KTAs:** Management guided for FY26 revenues to exceed the earlier guidance of Rs 95bn, potentially approaching ~Rs 100bn, supported by continued wedding demand and planned store additions. For FY27, the company targets ~20–25% revenue growth to Rs 115–120bn, on the expansion to ~105 stores (from 66 currently), including ~25 store additions with a balanced mix of PNG and Lifestyle formats. Margins are expected to normalise from Q3's seasonal peak, but remain structurally higher with sustainable annualised margins guided at ~13-14% gross, 7-7.25% EBITDA, and ~3.75–4.0% PAT.

**Maintain BUY; TP cut by 5% to Rs 734:** We have marginally revised our revenue and EBITDA estimates for FY27E/28E by -1.6/-4.3 and -1.3/-7.0. We estimate Revenue/EBITDA CAGR to be 22.3%/17.4% over FY26-28E, driven by strong store additions and strong jewellery demand. Our numbers build in 11.2% EPS CAGR over FY26-27E. We maintain BUY rating with TP of Rs 734 per share. Our target P/E multiple remains unchanged at 25x (Dec'27).

## Earnings Call Highlights

- **Demand scenario:** Management noted that demand remained resilient, despite sharp gold price inflation (+70% YoY; +15% QoQ), with momentum building through Dussehra, Diwali and the wedding season. They reiterated that the business remains largely insulated from gold price volatility, given its making-charge-led model, with volume softness at higher prices typically offset by value growth and vice versa during price corrections.
- **Jewellery:** PNGJL revenue grew by 35.6% YoY in Q3FY26, on the back of strong festive and wedding demand. Retail revenue increased 46.3% YoY, aided by higher footfalls (33%) and conversion rate (94%) in Q3FY26. Management highlighted a continued traction in studded jewellery, with studded sales up 52% in value terms; taking the studded mix to 8.4% in Q3FY26. This was aided by a stronger preference for studded and fancy jewellery in newer markets such as Uttar Pradesh and Bihar.
- **Lifestyle Jewellery:** The Lifestyle (LightStyle by PNG) segment focused on lightweight diamond and studded jewellery, contributed 5-6% of sales and currently operates through 6 stores, including standalone outlets and shop-in-shop formats. Management indicated that the segment is margin-accretive and is intended to scale gradually, with a stated medium-term target of 10% contribution, driven by impulse-led purchases and engagement with younger consumers.
- **Guidance:** Management upgraded FY26 revenue expectations, indicating that revenues are likely to exceed the earlier guidance of Rs 95bn and could approach ~Rs 100bn. For FY27, management guided for ~20–25% revenue growth, targeting revenues of ~Rs 115–120bn. On margins, management reiterated that Q3 margins are seasonally strong, while sustainable annualised margins are expected at 13–14% gross, 7–7.25% EBITDA, and 3.75–4.0% PAT, with marketing spends maintained at -1.5% of turnover.
- **Store expansion:** The company expanded its network from 47 stores to 66 stores during 9MFY26, including the launch of three exclusive COCO stores in Q3FY26; marking entry into Patna, Bihar. Management remains confident of reaching 78–80 stores by Mar'26, with plans to add ~11–12 stores in Q4FY26 across Maharashtra and Central India through a mix of COCO and FOCO models. For FY27, the company plans to add 25 stores, with a 50:50 split between PNG and LightStyle formats, and a mix of COCO and FOCO, targeting ~105 stores by Mar'27. Expansion in Uttar Pradesh will continue, with two stores planned in Gorakhpur and Banaras in Q4FY26, and management indicating capacity for 8–10 stores in the state over the short term.
- **Hedging policy:** PNGJL maintains ~100% gold hedging through a mix of old gold exchange (~30%), GML (~20–25%), and futures & options (~15–16%), with a dynamically managed mix. Silver exposure is partially unhedged but remains immaterial and had no meaningful impact on margins in Q3FY26.
- **Inventory:** Inventory requirements for COCO PNG stores remain at Rs 550–600mn per store, while lifestyle stores require Rs 80–100mn per store. Management noted that inventory mix continues to shift towards studded and lightweight jewellery,

particularly in Central and North India. Inventory turnover stood at ~3.2x, with ~3–3.5x achievable in newer regions such as UP and Bihar post stabilisation.

- **QIP:** The Board has approved a QIP valid until August 2026, intended primarily to support expansion plans. Management indicated that timing has not been finalised and will depend on market conditions, reiterating that no immediate equity dilution is planned.
